Physiomics plc
(“Physiomics” or the “Company”)

Options Award

Physiomics plc (AIM: PYC), announces an award of share options (the “Options”) over ordinary shares of 0.4p each in the Company (“Ordinary Shares”). The Company considers that it is important to incentivise its key executives to create shareholder value and, as such, today the Board has approved the award of the following options to Dr Peter Sargent under the Company’s existing share option scheme (the “Scheme”):

- 1,354,725 Options with exercise price of 1.55p, being the greater of (i) the average closing price for the three dealing days immediately preceding the date of grant; and (ii) the closing price on the dealing day immediately prior to the date of grant. Half of these Options vest on award and half six months from the date of award
- 1,354,725 Options with exercise price of 2.55p, being the exercise price calculated in (1) above plus 1p. One third of these Options vest on each anniversary of the date of award (so none are exercisable immediately, 33.3% from 6 Feb 2025, 66.7% from 6 Feb 2026 and 100% from 6 Feb 2027)
- 1,354,725 Options with exercise price of 3.55p, being the exercise price calculated in (1) above plus 2p. These Options vest over the same time periods as described under (2) above.

All Options can be exercised within 10 years of the date of grant.

Following this issue, the Directors will hold Options over Ordinary Shares in the Company in accordance with the table below:
